

A U R A S U B 6 | A U R A S U B 8

AURA SUB 6

Aura speaker series has more than audio attributes, it literally lights up. Its name comes from the possibility to add dimmable light into its round shape, turning the speaker into a sconce if installed on wall or a light fixture if installation is on ceiling. It can also be installed outdoor. The speaker has an extruded aluminum cabinet and is available in several finishes.

SPECIFICATIONS

Placement Options

On Ceiling | On Wall
Indoor | Outdoor

Use

Distributed Audio

Enclosure

Alluminum, Sealed IP66

Type

Passive Subwoofer

Recommended Amplifier

80W

Drivers

6" Woofer
